

# CYBER WORKFORCE SUMMIT 2.0

MARCH 24-26, 2026  
TUESDAY - THURSDAY

NATIONAL DEFENSE UNIVERSITY, FT MCNAIR  
(300 5th Ave SW, Washington, DC 20319)

## FORGING CYBER WARRIORS

In cooperation with the DoW CIO and the National Defense University, AFCEA International will host the Cyber Workforce Summit 2.0 in March 2026. This three-day conference will provide a forum where:

- DoW CIO representatives will **share** the latest information about DoD 8140 implementation, CES, and Cyber Academic Engagement initiatives.
- The cyber community can **learn** from DoW and Service leadership, Academia, and Industry subject matter experts.
- Participants can **witness** emerging tactics, techniques, and procedures (TTPs) as the future leaders from our U.S. Service Academies and Senior Military College (SMC) Cyber Institutes battle a live OPFOR.

## THE EVENT WILL FEATURE:

- Inaugural Cyber Workforce Competition
- Keynote Presentations by DoW Leadership
- Service CIO Q&A Panel
- DoD 8140 Program/Qualification Updates
- Cyber Service Academy Highlights
- Academia and Industry Q&A Panels

**To succeed in today's environment, the Department of War must continue forging a qualified workforce to win in cyberspace.**
